### Contextual Information

Average number of weeks of supervised student teaching.....	11	Student teacher/faculty ratio .....	5:1
Average number of student teaching hours per week .....	37.5	Full-time faculty in professional education ...	9
Average number of hours required for student teaching.....	412	Part-time faculty in professional education	
Total number of student in supervised student teaching.....	57	who work full-time in the institution .....	8
Number of faculty members who supervise		Part-time faculty in professional education	
student teachers.....	11	not otherwise employed by the institution.....	3

<sup>1</sup> The number of program completers found, matched, and used in the passing rate calculations will not equal the sum of the column labeled "Number Taking Assessment" since a completer can take more than one assessment.

<sup>2</sup> Numbers of completers who took one or more test in a category and within their area of specialization.

<sup>3</sup> Number who passed all tests they took within the category and within their area of specialization.

<sup>4</sup> The national passing rate is calculated at Ohio's cut schools, which are among the highest in the nation. For instance, Ohio requires the highest cut score in Principles Learning and Teaching 5-9 and ranks second in Principles Learning and Teaching K-6 and 7-12.

<sup>5</sup> Number of completers who successfully completed one or more tests across all categories used by the state for licensure and the total pass rate.

\*\*\* No pass rate percentage is calculated when fewer than 10 teacher candidates take the Praxis II test.
