

# Northern Stars Dance Team

## 2008-2009

I, \_\_\_\_\_, promise to give my full-force dedication to the *Northern Stars* should I make the team. I am in full understanding of the new rules and regulations that come into effect once I am a part of the team. I promise to treat dances, my fellow dance mates, and Ohio Northern University with as much respect as possible. I understand that quitting after being accepted onto the team may result in my not making the team following years. I accept the responsibility of full participation on the team. Since school is my number one priority, I promise to confront an advisor, coach, or captain if this team reflects any negativity on my grades. I also understand that I am part of an experiment. I am part of a long-term goal. We are not only going to improve our reputation as a team, but as well as my own individual abilities. I promise to be open to the suggestion of making new friends with my teammates, seeing as though I will be spending time with them in practice, performance, competition, and fundraising. I promise to be a positive member of the team, and if I have any problems, I promise to confront my problems in a positive manner. I want to join the *Northern Stars* to improve my dancing ability, donate my talent in bettering the team as a whole, but most importantly to HAVE FUN. I am aware that my input is needed at all times and promise to speak my mind if I know it will better us as a team. I am ready to commit myself to dances, friends, competitions, hard work, and fun times. I am ready to be committed to the *NORTHERN STARS DANCE TEAM!!!!*
