

Request to Participate in the Undergraduate Commencement

PRIOR TO COMPLETION OF DEGREE REQUIREMENTS

Ohio Northern University's Early Commencement Participation Process: Students who have been approved to graduate at the end of summer or fall semester may request to participate in the preceding May commencement. If approved by their Dean, the student may walk, and their name will be called, but they will not receive their degree and a diploma will not be ordered for them until their graduation requirements are completed. Please refer to the policy for walking available on the ONU Registrar web page.

This form must be completed and submitted to their Dean's office by April 1st in order to participate in the commencement ceremony.

Students requesting to participate in the commencement ceremony before completing all their degree requirements must also have an approved graduation application on file in the Registrar's office for the term in which they are completing their program of study.
