## Ohio Northern University - Enrollment Census Report First to Second Year Retention Rates of Incoming Freshmen (Fall Cohort)

Note: Figures shown here may vary slightly (usually within one percent point) from those published in the ONU Fact Book and elsewhere due to some calculations being based on different sources. The figures in the Fact Book are based on the enrollment census database, whereas the ones shown here are based on the cohort tracking database. Both of these databases are updated at different times, therefore resulting in slightly different figures. Retention rates are based on the starting college of students and do not take into account students changing majors.
