

GETTY COLLEGE OF ARTS & SCIENCES

LEARN. SERVE. DREAM. BELIEVE.

*Help ONU arts and sciences
students reach their potential*

ONE COLLEGE, SIX DISTINCTIVE SCHOOLS

Center for Teacher Education
 School of Health and Behavioral Sciences
 School for the Humanities and Global Cultures
 School of Science, Technology and Mathematics
 School of Social Sciences and Human Interaction
 School of Visual and Performing Arts

Independent thinkers, confident leaders

The Getty College of Arts & Sciences brings out the best in its students. Whether they are preparing for a future in medicine, musical theatre or anything in between, they will find the guidance and support they need to compete, grow and flourish.

Offering a combination of liberal arts and professional education, the college fosters independent thinking and creative problem solving. Here, students find the freedom to explore and pursue their passions, as well as the support to prepare themselves for graduate school, professional studies and employment.

Attentive and accessible professors set the stage for success. On-campus experiential learning gives students the chance to apply their theoretical knowledge, and prepares them for off campus experiences. Getty students have tremendous access to research projects, internships, competitions and community service opportunities.

Getty graduates are lifelong learners with the skills to shape their future and the confidence to share their world.

EMILY FERGUS, BFA '19
 CREATIVE DEVELOPER AT XCELERATE MEDIA

"ONU was a second home to me, and I loved its charm and opportunities. My professors always pushed me to be my best and stretched my thinking. My time at Northern prepared me to take on the world."

Getty College Opportunity Fund

Students in the Getty College of Arts & Sciences learn just as much outside the classroom as they do inside. High impact experiences like research projects, professional conferences, lab and field work, workshops across the U.S. and abroad, give them an edge. Support for the **Getty College Opportunity Fund** provides the college with annual discretionary funding for emerging needs and opportunities that enhance the student experience.

SUPPORT THAT HAS IMPACT

Donors have a vital role to play in maintaining the wide range of the college's academic offerings and the unique character and excellence of its programs.

SUPPORT THE GETTY COLLEGE
OF ARTS & SCIENCES

HOW CAN YOU HELP? >>

OPEN DOORS, BROADEN HORIZONS – INVEST IN STUDENT SCHOLARSHIPS

Every student benefits from opportunities that change their perspective, whether they are on campus, across the country or on the other side of the world.

Donors can open doors and broaden horizons for Getty students by funding scholarships and life-changing experiences.

- By funding scholarships, donors provide targeted financial aid to assist the College of Arts & Sciences to recruit students from all backgrounds and help them thrive and succeed – as leaders, artists and change-makers.
- A complement of donor-endowed funds will ensure that the Getty students stand out from the crowd thanks to opportunities these funds provide to pursue guided research projects, enter art exhibitions, perform overseas with their music ensembles and much more.

CELEBRATE CREATIVE, COMMITTED FACULTY – INVEST IN TEACHING AND LEARNING EXCELLENCE

Getty College of Arts & Sciences faculty are deeply invested in student success and committed to their roles as teachers and mentors.

Donors can recognize and honor faculty members by supporting endowed positions and awards that sustain this level of excellence.

- **Endowed professorships, chairs and fellowships** allow faculty members to pursue research and professional development that informs their work with students.
- Donor funded **endowed directorships** at the college's six schools will allow ONU to recruit faculty leaders who will contribute to the culture of service to students.
- **Faculty awards** for scholarship, teaching excellence and service emphasize the core values of ONU, and reward faculty members for their efforts to encourage and guide students to achieve their greatest potential.
- **Funds for research and professional development** give faculty members the resources to create new experiential learning opportunities for students, fostering connections that will remain strong long after graduation.
- Donors can **endow schools** and programming within the Getty College of Arts & Sciences which includes 6 interdisciplinary schools organized around 47 fields of study important to cultural, educational, and economic development.

INVEST IN FACILITIES FOR THE FUTURE

Donors can help expand and upgrade the buildings that house this extraordinary learning community. Enhancements are planned for the labs, performance spaces and classrooms used by tomorrow's scientists, artists, teachers and leaders. Through the *Forward Together* campaign at ONU, donors like you can help students reach beyond their expectations, attain their dreams and lead our communities forward.
