ANGEL FOR
THE ARTS

LEARN. SERVE. DREAM. BELIEVE.

*Help the arts thrive at
Ohio Northern University*

**Give a gift that will support the aspirations
of future ONU students**

The visual and performing arts have the power to uplift and transform people and societies. At Ohio Northern University, we seek to broaden the reach and impact that the arts have on our world. To this end, we offer exceptional arts programming and produce enlightened artists and leaders.

All students, regardless of major, are encouraged to pursue their creative passions at Ohio Northern. Here you'll find engineering students performing with the orchestra, pharmacy students starring in theatre productions and business students singing in the choir. From music to dance, studio arts to theatre, we nurture talent in all forms.

Northern students who major or minor in the arts receive a conservatory-style education. They grow their skills, confidence and professional networks through incredible learning opportunities both on and off campus. They're mentored by caring professors who go above and beyond to help them obtain success in a competitive field.

Attend any concert, theatre production or art exhibit at Ohio Northern University, and you'll see the vitality of the arts on our campus. When you become an Angel for the Arts, you support the best of what we offer. You help us educate and shape the artists, performers and professionals who can change the world with their creativity and humanity.

MEGAN BELL
BFA '21 STUDIO ARTS

"I've experienced amazing opportunities to work closely with faculty members in multiple creative disciplines, allowing me to grow and learn in my own creative journey."

"As a student in the College of Engineering, a majority of my classes are heavily logic- and reason-based. I enjoy playing in the ONU orchestra because it offers a creative outlet and enriches my educational experience by helping me become a more well-rounded student."

**- Wyatt Fisher, computer science
and statistics major**

"The arts connect us to new ideas and perspectives about life, stimulate possibilities and dreams, evoke joy and sorrow, and link us to the past and present. We value and support the arts at Ohio Northern University because we believe it broadens a young person's overall educational experience and opens their eyes to new possibilities."

**- Barbara Winzenried,
Angel for the Arts donor**

YOUR SUPPORT MOVES US FORWARD

The visual and performing arts take center stage at Ohio Northern University, enriching the campus and our surrounding communities.

BE A PART OF SOMETHING BIGGER

By becoming an Angel for the Arts, you will help to fund:

PRODUCTIONS, PERFORMANCES & EXHIBITS

Annually we showcase more than 10 choral and instrumental concerts, 4-6 professional and student juried art exhibits, and 6 fully-produced theatre productions, including the amazing *ONU Holiday Spectacular*.

GUESTS ARTISTS & MASTER CLASSES

We bring established industry professionals – directors, choreographers, musicians, designers, stage managers, visual artists, playwrights and Tony Award-winning actors – to campus every year to conduct master classes and mentor our students.

EQUIPMENT & FACILITIES

From pottery wheels to sound equipment, musical instruments to costumes, we provide Northern students with top-notch equipment and facilities so that they can learn at a high level.

STUDENT TRAVEL & PROFESSIONAL OPPORTUNITIES

Our arts education extends beyond the borders of campus. From industry conferences to study abroad, internships to theatre showcases, we offer regional and national opportunities for our students to expand their horizons. Through these experiences, students refine their craft, build their resume, and obtain invaluable insights on culture and diversity.
