## THE WRITING CENTER

LEARN. SERVE. DREAM. BELIEVE.

*Support our efforts to turn ONU  
students into exceptional communicators*

### Give a gift that will support the aspirations of future ONU students

Writing is an essential skill that professionals in every field must wield on a daily basis, from email messages to project proposals, social media posts to research reports.

At Ohio Northern University, we seek to grow exceptional communicators. We know that students who learn to write clearly, concisely and persuasively will achieve success not just in their coursework, but in their future career.

The ONU Writing Center nurtures the development of strong writing skills, thus providing an invaluable service to the campus community. Students come to the center with questions, concerns or confusion about the writing process, and leave armed with the knowledge, skills and confidence needed to become better writers.

A place for growth and learning, the center employs tutors who are Northern undergraduate and graduate students, training them to use research-based methods to help their peers. Tutors earn money for college while building their interpersonal skills and resumes.

When you give a gift to the Writing Center, you make it possible for ONU students to receive this critical support service. You bolster the University's efforts to educate tomorrow's communicators and leaders.

MCKENZIE WILSON  
BA '18 GRADUATE STUDENT

"Working as a writing tutor for four years at ONU helped me discover my passion for guided development in a personal setting. My favorite parts of tutoring sessions - vulnerability, empathy, revelation - led me to pursue a graduate degree in clinical counseling. I am now working on an academic article about the intersection of tutoring skills and counseling skills."

# YOUR SUPPORT MOVES US FORWARD

The Writing Center serves students from every major and college, helping students improve their academic performance and develop an essential skill that they'll use their entire career.

## BE A PART OF SOMETHING BIGGER

Your support of the Writing Center would:

- Ensure that our peer tutors receive top-notch training and growth opportunities, including the chance to attend national conferences and engage in research projects.
- Enable us to design and deliver tutoring services geared toward specific majors, such as engineering, pharmacy and business, focusing on the unique writing skills needed in each particular field.
- Expand the writing services we provide to faculty and staff who are engaged in grant writing, research reports, book projects and other endeavors.
